

Evans Textile (Wholesale) Limited
Terms and conditions Policy.

Any Disputes relating to this Order shall be referred to the Tribunal of Manchester Chamber of Commerce for Arbitration. All goods or services are bought on these conditions only.

CONDITIONS OF SALE

1. Claims for non-delivery or loss of goods cannot be admitted unless advised to us in writing within 10 days of invoice date. In the event of any complaint in respect of goods delivered, notice including full details must be given to us within 14 days of delivery and a reasonable opportunity for us to examine the goods before any claim can be entertained. If any defects in the goods are found to exist we will replace those goods or the defective part free of charge but we accept no liability for any consequential loss, damage or injury attributed to the use of such goods. In particular no claims will be considered after the goods have been cut up, treated, processed or resold. Any recommendations or a suggestion relating to the use of the goods made by us is given in good faith but it is for you to satisfy yourself as to the suitability of the goods for your purpose.
2. These goods are supplied on the understanding that the purchaser tests will be carried out prior to bulk production to ensure suitability and to ensure, where appropriate, colour and compatibility with top cloth. All specifications are given in good faith as being as accurate as possible but shall not be treated as binding or part of the contract.
3. Whilst it is our intention to maintain these prices for as long as possible, they are subject to fluctuation due to raw material increases beyond our control. We therefore reserve the right to change prices and specifications without prior notice.
4. Custom made orders are made to customer's individual requirements and will be manufactured under a no refund policy. We can only accept liability for orders received in writing. Order forms can be supplied on request.
5. The goods shall remain the property of the seller until the invoice price has been paid in full or until goods have been resold by the buyers in which event the beneficial entitlement of the sellers shall attach to the proceeds of sale. If the goods are incorporated into other products while they are the property of the sellers all the sellers rights in the goods shall extend to other products and the proceeds of sale thereof. Until the property in the goods shall pass to the buyers the sellers shall be entitled to retake the goods at the buyers expense in the event of the buyer failing to pay for the goods or commencing liquidation or ceasing or threatening to cease to trade or if serious doubts arise as to the buyers solvency.
6. Where widths are quoted they are nominal only and actual widths may vary by 2%.
7. All invoices are due for payment within 30 days unless alternative terms have been agreed. In the event of failure to pay by the due date, the whole debt becomes payable with interest chargeable at 2% above the Bank of England standard rate.
8. Subject to stock availability, goods ordered before 2.45pm will be despatched that day. As a consequence of our low pricing policy UK mainland orders below £100 will be subject to an additional charge of £8.50 for which a next day delivery is guaranteed. To exceed the £100 carriage charges please contact our office to discuss the complete range. Off shore deliveries below £300 will be subject to an additional charge quoted at the time of ordering. Guaranteed timed deliveries are available on request..
9. Even though we take extreme care to protect our goods in transit on the odd occasion damage or loss will occur. Please ensure that you sign for the correct number of items and check the good condition prior to accepting the delivery. Any discrepancies must be acknowledged at the point of signature and advised in accordance with our terms and conditions.
10. Please arrange collection of faulty goods with our office. To help us process the credit with the minimum of delay, please ensure that the goods are suitably protected for transit and all tickets/labels are attached. Credit notes will be issued when goods are returned to our warehouse for inspection. Our standard terms and conditions apply and your statutory rights are not affected.
11. Allowance should be always made to the nearest half metre when ordering cut lengths. We cannot offer a cut length service on all products held in our range, please consult the price guide to establish the cost and availability.
12. Whilst we will endeavour to meet your demands it is sometimes difficult to supply exact metres without cutting pieces. We will always despatch the nearest quantity using full nominal length pieces. If exact quantities are required please contact the office to check product piece lengths available from stock.
