

MRS[®]
Motorized Rod System

FOREST
DRAPERY HARDWARE

WEAR-RESISTANT PULLEY HOUSING

For a low-wear operation the pulley housing has been equipped with high-quality ball bearings.

REINFORCED TRANSPORT BELT

The Kevlar reinforcement of the transport belt ensures a low noise operation, which provides also for a long life.

MOTOR

Three types of motors are available:
230V FMS with 45 or 60 Watt
230V IMS with 45 Watt and build-in receiver
24V Forest Shuttle with touch impulse system

REMOTE CONTROL

Easy opening and closing with the hand-held remote control.

COMPLETELY CLOSED CURTAINS

The overlap carrier guarantees a complete closing of the curtains.

EASY-RUNNING RETURN PULLEY

The special plastic of the return pulley's plain bearing ensures an easy running of the toothed belt.

SELECT YOUR INDIVIDUAL FINIAL

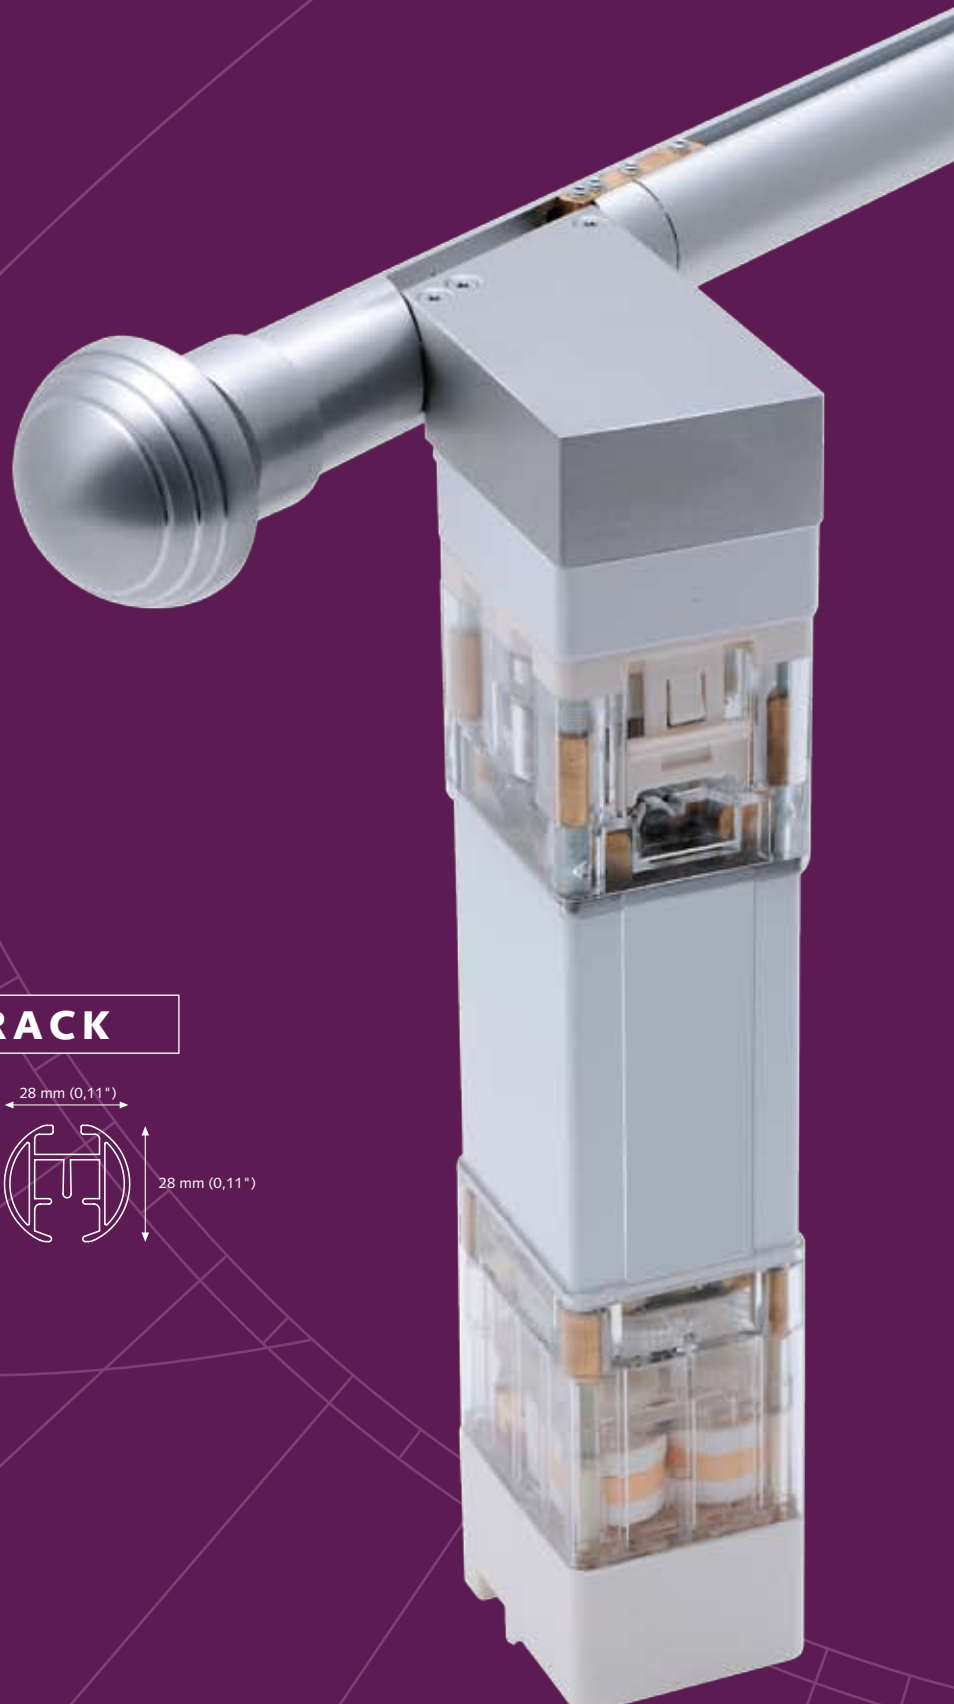

Our large range of decorative finials offers you a great variety of design options. But it is also possible to use without a finial.

HIGH-GRADE ALUMINIUM

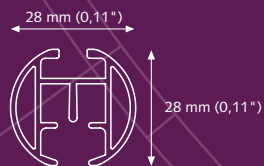

We supply the special \varnothing 28-mm rods with the following surfaces:

-  Inox
-  Matt black
-  Polished chrome
-  Bronze
-  Antique Bronze
-  Gold

SPECIFICATIONS TRACK

- Weight 480 gr / mtr
- Aluminium Extrusion
- Dimension 28 mm
