

Safety Devices For Evans Roman Headrails Compliant With The Child Safety Requirements of BS EN13120:2009+A1:2014

Product Code 76334-CORD Blind Cord Stopper Breakaway

- * Fully tested to BS EN 16434 for UV, heat, cold and impact resistance
- * A single part safety device for use and tested with Evans Set Size and BSXL Systems
- * **Model protection granted**, exclusive to Evans Textiles
- * Use the cord stoppers as normal with regular blind cord and have full adjustability
- * Simply stitch or tie the small cord to the bottom rod pocket
- * The main cord is released through the device when 6kgs is applied, do not knot!
- * The small cord prevents the stopper from creating a choking hazard on the floor
- * 100 items per bag, £19.99 per bag
- * Or added free of charge to any Made to Measure BSXL System
